Boston Public School Art Reception To Be Held Here

On Thursday, November 12, from 5:00-7:00pm, a public reception will be held in recognition of an exhibit presenting a series of art projects created by Boston Middle and High School students. The projects have been stimulated by the Art Education department of Massachusetts College of Art.

The exhibit represents an important expansion of Mass Art's 110 year commitment supporting public art education. In the tradition of the 1870 Drawing Act, this inter-institutional liason includes students (kindergarten through college) in Boston and an ever-growing number of communities throughout the Commonwealth. The collaboration between Mass Art student instructors and various public school teachers and students forms a vital blend of reciprocating resources. Educationally, this expanded concept is ahead of it's time.

The reception, free and open to the public, will be held in the Arnheim Resource Room which is located in the North Building, directly across from the North Hall Gallery.
